

Psychiatry Course 2020/21

Seminars

Interactive education - 45 min

All students' involvement is highly encouraged and appreciated (groups are up to 20 per seminar)

Random choice of duties between the group members- The list of student's assignments for Psychiatry course 2020/21 has been sent. Most of students will prepare 2 seminars per semester. For students who present the topic

- Focus on the topic
- Read and learn about it from the recommended literature - the pocket textbook is the literature of choice, however other reliable resources could be used as well.
- Please prepare presentation using PPT (2-3 of you can divide whole presentation so all of you will get an opportunity to present the topic).
- Please use VIGNETTES whenever possible (to illustrate the case, symptoms, diagnostic or therapeutic procedure, or to open the discussion)!
- Microsoft Teams allow slide share option - please prepare your slides on time and bring/upload them for the presentation.
- Professor will create the "room" and invite you according to the instructions sent by IT administration (Microsoft teams) on the day and time of the Seminar (see the schedule).
- You may ask your assistants (during the practical) for some help when preparing the slides.
- Please keep in mind that recommended time per slide is 1-2 minutes. Try not to exceed the time.
- Please keep your presentation to under 30 minutes and allow time for discussion of at least 10 -15 minutes.
-
