ADDICTION TO SB RULEBOOK

Approved Motion to modify Rulebook:

Art. 21 Organization of election

In the case two candidates place first with the same number of votes, both candidates are elected.

In the case two candidates place second with the same number of votes, election by throw of a coin is needed. One candidate will be the cross-side of the coin, the other the face-side. The coin is throw by the older member of the Election Committee with closed eyes under the supervision of the all other members of the Election Committee. The upward-side of the thrown coin determine the elected candidate.

Art. 23 Constitutive meeting

Non-elected candidates will be listed as substitutes until the elected Representatives enroll in the next Academic Year.

The order of priority for substitutes follow the rank of elections results (ex., third placed candidate, first substitute).

Approved by the Majority of the Student Board on its Constitutive Meeting in Belgrade, the 07.07.2021. See also Protocol of the Constitutive meeting.
