SB Public Lecture over Covid-19

In February 2020, at the beginning of the Covid-10 Pandemic in Europe, and Asia, we organize a public lecture over this topic.

Unluckily, State of Emergency was declared and we couldn't held the lecture.

Here are some pictures of the event.

In the picture, selfie of some of the organizers (ehehehe it was the time before the masks..)

From the left to the right: Ivo Sergej Folli, Zeljana Radonijc, Andjela Miladinovic

Students Board In collaboration with
IFMSA-Serbia and SUMC invites you to
