CALL

FOR THE ENROLLMENT OF THE STUDENTS IN THE FIRST YEAR OF STUDIES AT THE
FACULTY OF MEDICINE BELGRADE IN THE SCHOOL YEAR 2025/26

Integrated academic studies of Medicine in English language (360 ECTS)

Students' quota

The Faculty of Medicine enrolls:

- for obtaining the title of doctor of medicine (integrated academic studies lasting 6 years, 360 ECTS)• studies in English, 80 self-financing students, citizens of the Republic of Serbia and foreign citizens;
- for obtaining the title of doctor of medicine (integrated academic studies lasting 6 years, 360 ECTS)• studies in English, 50 self-financing students, according to special international agreements

Specific requirements for enrollment

An applicant who has previously completed four-year secondary education and is medically capable to study medicine can enroll in the first year of medical studies,

Necessary secondary education for medical studies includes general high school, secondary medical school, veterinary school and other schools in the field of health sciences.

Knowledge of the English language is a requirement for studied in English.

A prerequisite for enrolling in a study program conducted in English is proof of knowledge of the English language at an upper intermediate level of competence = B2 -Cambridge Advanced Certificate in English (CAE) or IELTS (International English Language Testing System) or completed high school education in English language.

Criteria for determining the order of applicants

The order of applicants for enrollment in the first year is determined on the basis of the general success achieved in secondary education and the results achieved in the entrance exam.

The applicant for enrollment in the study program can achieve a maximum of 100 points based on general success in high school and on the basis of the result achieved at the entrance exams.

General success in high school is being calculated as the sum of the average marks in each grade of high school multiplied by two. On this basis, the applicant can obtain a minimum of 16 and a maximum of 40 points. Overall performance in high school is calculated to two decimal places.

The applicant can obtain from 0 to 60 points at the entrance exam.

Applicants who, in the third or fourth grade of high school, won one of the first three prizes in a national or international competition from the competition calendar of the Ministry of Education, in a subject taken in the entrance exam, may be awarded the maximum number of points in that subject at entrance exam.

Entrance exam

Entrance exam consists of tests in Chemistry and Biology and an oral interview in English. Each test has 20 questions and each correct answer is scored by one point. The interview brings 0 to 20 points.

The right to enroll is granted to the applicant who scored at least 31 points on the entrance exam and is within the approved number of applicants for enrollment.

Registration procedure

The applicants can apply for admission in the July and/or September enrollment periods.
