

New Trends in Clinical Pharmacology - TIMETABLE

School year: 2025/26

Elective Subject: New Trends in Clinical Pharmacology

Course director: Prof. dr Nevena Divac

Number of seminars: 30 hours

Seminar Scheduling: 1st class – slide presentation,

2nd class - presenting clinical cases followed by interactive discussion

Final exam: Essay paper (up to 5 pages)

Final mark: Passed / Not passed

Venue: Institute of Pharmacology, Clinical Pharmacology and Toxicology

LIBRARY of The Institute of Pharmacology, Clinical Pharmacology and Toxicology

1. Prof. Miroslav Radenković, MD, PhD 2 hr

Current pharmacotherapy of thyroid gland disorders

15.12.2025. 15:00-16:30

2. Prof. Nina-Japundžić-Žigon, MD, PhD 2 hrs

New drug targets in treatment of heart failure

15.12.2025. 16:30-18:00

3. Prof. Zoran Todorović, MD, PhD 1 hrs

Assist. Maja Stojković 1 hrs

Clinical pharmacology challenges in intensive care units

16.12.2025. 13:30-15:00

4. Prof. Ljiljana Gojković-Bukarica, MD, PhD 1 hr

Assist. dr Miloš Gostimirović, MD 1hr

The importance of investigating influence of drugs, dietary supplements and herbal medicines on QT interval in development of new pharmacotherapy approaches

17.12.2025. 16:30-18:00

5. Prof. Gordana Dragović Lukić, MD, PhD 2 hrs

New information in treatment of HIV and HCV infection

18.12.2025. 11:00-12:30

6. Assist. Prof Dragana Srebro, MD, PhD 1 hr

Assist. dr Lara Samardžić, MD 1hr

Opiophobia

22.12.2025. 15:00-16:30

7. Prof. Zorica Nešić, MD, PhD 2 hrs

New antibiotics in treatment of pseudomembranous colitis

22.12.2025. 16:30-18:00

8. Prof. Branislava Medić Brkić, MD, PhD 1 hr
Assist. dr Miloš Basailović, MD 1 hr
Interactions of antiepileptics
23.12.2025. 13:30-15:00

9. Assoc. Prof Janko Samardžić, MD, PhD 1 hrs
Assist. Milica Branković, MD 1 hrs
Misuse and addictive potential of drugs
24.12.2025. 16:30-18:00

10. Prof. Nevena Divac, MD, PhD 1 hrs
Sara Milojević, MD 1 hrs
Novel oral anticoagulant drugs
25.12.2025. 11:00-12:30

11. Assoc. Prof Katarina Savić Vujović, MD, PhD 1 hr
Assist. dr Lara Samardžić, MD 1hr
Ketamine: therapeutic use and misuse
29.12.2025. 15:00-16:30

12. Assist. Prof Bojana Božić Cvijan, MD, PhD 1 hr
Assist. prof. Vladislav Pajović, MD PhD 1 hr
Pharmacotherapy of rare diseases
29.12.2025. 16:30-18:00

13. Assoc.Prof. Marko Stojanović, MD, PhD 1 hr
Assist. Miloš Basailović, MD 1 hr
Treatment challenges in geriatric population
30.12.2025. 13:30-15:00

14. Prof. Dragan Obradović, MD, PhD 2 hrs
New knowledge of etiopathogenesis of Alzheimer's disease and its role for pharmacotherapeutic approach
05.01.2026. 15:00-16:30

15. Assist. Prof. Božana Obradović, MD PhD 1 hr
Assist. dr Lara Samardžić, MD 1hr
The influence of sex differences on the choice of treatment: hypertension treatment in women
06.01.2026. 13:30-15:00
